

SUMMER TONIC or WINTERTEA

Highly antioxidant, remineralising, revitalising, cleansing

This amazing recipe makes a cool Summer Tonic or a warming Winter Tea. Its deliciously clean, complex taste is packed with minerals, vitamins and rich antioxidants! The base is Seagreens® native wild *Pelvetia* seaweed. To suit your taste, you can explore herbal, spice or fruit blends, for example *Elderflower* in summer or *Cloves* in winter. Jane Jamieson PhD, a nutritional therapist in Edinburgh, devised the original recipe. She can be contacted at: www.enabling-health.com. Thanks, Jane!
